

VACCINE NAVIGATORS

WHO WE ARE?

The Princeton Senior Resource Center (PSRC) is a community nonprofit organization that exists to help older adults thrive. We carry out this mission by offering support and guidance to older adults and their families, and by providing vital human connections, compassionate social services, dynamic lifelong learning, and meaningful volunteer opportunities that promote active, healthy, and engaged aging for adults aged fifty-five and above.

WHAT WE DO?

This newly revised Vaccine Navigator program will re-deploy multi-lingual volunteers to engage one-on-one with those clients, as well as direct contact with other community residents, to encourage a healthy vaccination regimen, including Covid-19 boosters, influenza vaccines, pneumonia, and shingles vaccines when appropriate.

COMMUNITY ACTION GRANT

PSRC received the largest Community Action Grant from the National Council on Aging (NCOA) to revive its effective Vaccine Navigator Program to focus on vaccine health among older adults in the greater Princeton area. The initiative is focused on promoting community health through vaccine health for older adults.

HEALTH EVENTS

The Vaccine Navigator program will include community health events, vaccine clinics, and supportive services through PSRC's volunteer team.

COMMUNITY ASSESSMENTS & VOLUNTEERING

PSRC will continue to be engaged in building community trust with older adults by being vaccine ambassadors. Watch for ways to participate in community outreach activities and volunteering.
